Declaration of Conformity

Directive EC N°1907/2006 REACH

On 18 December 2006, the EU Council adopted Regulation EC N° 1907/2006 REACH concerning the Registration, Evaluation and Authorization of Chemicals, which it is in effect entered into force on 1 June 2007.

With reference to the provisions of the **REACH** regulation we hereby inform as follows:

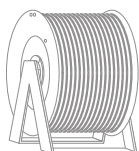

- The "goods" produced or traded by **EUMAKERS** not release chemicals into normal and reasonable conditions of use;
- **EUMAKERS** does not produce or import chemical substances (as such or components preparations and articles);
- **EUMAKERS** as a user who buys the chemicals (or articles) in the European Union/USA (directly from a manufacturer or importer), has no obligation to register, since same recordings will be made by the manufacturer and/or importer;
- **EUMAKERS** in relation to substances classified by law as very high concern (SVHC), has asked all suppliers to indicate whether the products they supply contain any of these substances in concentrations above 0.1% and, if so, to give complete and adequate information to ensure safe use of the article;
- **EUMAKERS** claims to have received from all the suppliers involved, a statement of the absence or presence by less than 0.1% of SVHC (candidate list) Art. 59 REACH;
- **EUMAKERS** declares that this document respects the latest update of the Candidate List on 27th June 2018 with the addition of 10 new substances.

Therefore, we declare that there is no material from the list of candidates with more than 0,1% in the products that we supply.

The person authorized to compile the Technical File is Mr. Cosimo Damiano Sfrecola at Rigenera.
